Rayonier Inc. is a leading timberland real estate investment trust (REIT) committed to creating value through excellence in our core businesses—Forest Resources and Real Estate. We are a responsible steward of our lands and seek to manage every acre towards its highest and best use to achieve optimal and sustainable value.

Rayonier was founded in 1926 in Shelton, Washington and today is headquartered in Wildlight, Florida. Over the years, Rayonier has expanded to become the second-largest timber REIT and currently owns, leases or manages approximately 2.7 million acres located in some of the strongest timber markets and most productive softwood timber growing regions throughout the United States and New Zealand.

## OUR PORTFOLIO

## 2021 PERFORMANCE HIGHLIGHTS

We were pleased with our full year financial performance in 2021. While the pandemic continued to pose challenges throughout the year, we were able to achieve very strong results across the company due in large part to the unwavering focus of our people, the relative strength of our markets and our nimble approach to operational decision-making.

We generated 2021 Adjusted EBITDA\* of \$329.8 million, an increase of 23% versus the prior year. We achieved record full-year Adjusted EBITDA\* results in both our Southern Timber and Pacific Northwest Timber segments, despite contending with increased costs and volume constraints driven by inclement weather conditions and trucking shortages. Our New Zealand Timber segment achieved our third highest-ever full-year Adjusted EBITDA\* result, despite navigating a myriad of export market challenges and COVID-related headwinds during the course of the year. Meanwhile, in our Real Estate segment, we achieved our second highest Adjusted EBITDA\* result and highest weighted average pricing since our separation into a pure-play timber REIT, underscoring our focus on optimizing our portfolio and maximizing HBU premiums.

During 2021, we also completed a series of financing actions, including the issuance of \$450 million of senior notes, the execution of a \$200 million delayed draw term loan, and the amendment of our revolving credit facility and other term loan facilities. Subsequent to year-end, we repaid \$325 million of senior notes maturing in 2022 with cash on hand and proceeds from the delayed draw term loan. With year-end net debt to 2021 Adjusted EBITDA\* of 3.1x, we finished the year with ample balance sheet flexibility to fund growth initiatives and other capital allocation priorities.

\*Reconciliation of these non-GAAP financial measures can be found in Appendix B.

## THIRD-PARTY FOREST CERTIFICATIONS

We are dedicated to meeting the highest standards of sustainable forestry established by the Sustainable Forest Initiative® (SFI®), the Forest Stewardship Council® (FSC®), and the Programme for the Endorsement of Forest Certification™ (PEFC™). These voluntary certification programs each consist of a rigorous and comprehensive set of environmental principles, objectives and performance measures.

Our 2.7 million acres of timberland are managed to these certification standards, and our compliance is periodically evaluated through independent third-party audits. In the U.S., 96% of our timberlands are certified by SFI, and in New Zealand, 99% of our timberlands are certified by FSC and PEFC.

Rayonier uses an internal Environmental Management System (EMS) to monitor our compliance with third-party certification standards, state-specific forest practice rules and best management practices. This EMS includes extensive employee training and a rigorous internal audit process. Our Senior Leadership Team has ultimate responsibility for our EMS and annually reviews our performance against forest certification standards, governmental regulations and internal benchmarks.

## BOARD REFRESHMENT

We have added four new directors to our Board since 2017 (including two women), representing 44% of the Board.

## PROPOSAL NO. 2 — NON-BINDING ADVISORY VOTE ON “SAY-ON-PAY”

Our Board recommends that you vote “**FOR**” the non-binding advisory approval of the compensation of our named executive officers.

Our shareholders have the opportunity to cast a non-binding advisory vote on the compensation of our named executive officers, as set forth in Proposal No. 2 starting on page [21](#). Please refer to our Compensation Discussion and Analysis on page [22](#) for a detailed description of our compensation programs and practices. Our Board recommends that you vote “**FOR**” the non-binding advisory approval of the compensation of our named executive officers.

Last year, our shareholders expressed a high level of support for the compensation of our named executive officers, with 98.5% of the votes cast in favor of our compensation programs and practices. Accordingly, the Compensation and Management Development Committee (“Compensation Committee”) continued in 2021 to consistently adhere to its pay-for-performance philosophy and compensation programs. The Compensation Committee will continue to consider results from the annual shareholder advisory votes, including the outcome of the vote for this Proposal No. 2, as well as other shareholder input, when reviewing executive compensation programs and policies.

### HISTORICAL SAY-ON-PAY SUPPORT

## PROPOSAL NO. 3 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are seeking shareholder ratification of the appointment of Ernst & Young, LLP to serve as our independent registered public accounting firm for 2022. Please refer to page [43](#) for additional information.

Our Board recommends that you vote “**FOR**” the ratification of Ernst & Young, LLP to serve as our independent registered public accounting firm for 2022.

## PROPOSAL NO. 1 — ELECTION OF DIRECTORS

### ELECTION PROCESS

The Board held eight (8) meetings during fiscal year 2021. During fiscal year 2021, all directors attended at least 75% of all Board meetings and all committee meetings of which the director was a member. The Nominating and Corporate Governance Committee (“Nominating Committee”) of the Board has nominated the persons whose names are set forth below to serve as directors until the 2023 Annual Meeting of Shareholders and until their successors are duly elected and qualified. In the absence of a vote by a signed proxy, shares represented by the proxy will be voted FOR the election of each of these nominees to the Board.

### DIRECTOR QUALIFICATIONS

We believe the members of our Board have the proper mix of relevant experience and expertise given the Company’s businesses and real estate investment trust (“REIT”) structure, together with a level of demonstrated integrity, judgment, leadership and collegiality, to effectively advise and oversee management in executing our strategy. There are no specific minimum qualifications for director nominees other than, as required by our Corporate Governance Principles, no director nominee may stand for election after he or she has reached the age of 72. However, in identifying or evaluating potential nominees, it is the policy of our Nominating Committee to seek individuals who have the knowledge, experience, diversity and personal and professional integrity to be most effective, in conjunction with the other Board members, in collectively serving the long-term interests of the Company. The Nominating Committee periodically evaluates the criteria for Board membership, taking into account the Company’s strategy, geographic markets, regulatory environment and other relevant business factors, as well as changes in applicable laws or listing standards.

### DIRECTOR NOMINATIONS

Shareholders are being asked to vote on the election of nine (9) directors to serve until the 2023 Annual Meeting of Shareholders and until their successors are duly elected and qualified. The Board has no reason to believe that any nominee will be unable to serve as a director. If, however, a nominee should be unable to serve at the time of the Annual Meeting, Common Shares properly represented by valid proxies will be voted in connection with the election of a substitute nominee recommended by the Board. Alternatively, the Board may either allow the vacancy to remain unfilled until an appropriate candidate is identified or may reduce the authorized number of directors to eliminate the unfilled seat.

If any incumbent nominee for director should fail to receive the required affirmative vote of a majority of the votes cast with regard to his or her election, our Corporate Governance Principles require the director to tender his or her resignation to the Board. The Nominating Committee would then consider such resignation and make a recommendation to the Board as to whether to accept or reject the resignation. The Company would publicly disclose the Board’s decision and rationale within 90 days after receipt of the tendered resignation.

Set forth below is certain information concerning each of the director nominees, including age, experience, qualifications and professional highlights during at least the last ten (10) years, based on data furnished by such nominee.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE FOLLOWING NOMINEES.**

## DIRECTOR COMPENSATION

### OVERVIEW

The Company uses a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the Board. When setting director compensation, the Board considers the significant time commitment and the skills and experience level necessary for directors to fulfill their duties. Non-management director compensation is set by the Board at the recommendation of the Compensation Committee. Our directors are subject to minimum share ownership and share retention requirements as discussed in the Compensation Policies and Governance Practices section on page [32](#) under “Stock Ownership Guidelines.”

### 2021 / 2022 COMPENSATION PAID TO NON-MANAGEMENT DIRECTORS

Non-management director compensation is set by the Board at the recommendation of the Compensation Committee. For the 2021-2022 period, each non-management director received and/or earned the following cash compensation (prorated for partial year service, as applicable):

- annual cash retainer of \$55,000, payable in equal quarterly installments;
- annual cash retainers to members of the Audit, Compensation and Nominating Committees of \$13,500, \$7,500 and \$5,000, respectively, payable in equal quarterly installments;
- annual cash retainers for the chairs of the Audit, Compensation and Nominating Committees of \$18,000, \$10,000 and \$6,000, respectively, payable in equal quarterly installments;
- an additional annual cash retainer for the Chair of the Board of \$55,000, payable in equal quarterly installments; and
- restricted stock award equivalent to \$95,000 based on grant date value, vesting upon issuance and to be held until the earlier of four years from the date of issuance or a director’s departure from the Board.

Directors may defer up to 100% of their cash compensation. Any deferred amounts are paid to the director in a single lump sum on the later of the date the director becomes 72 or the conclusion of the director’s term or upon termination as a director, if prior to age 72. Any deferred amounts shall be credited with interest thereon at a rate equal to 120% of the long-term Applicable Federal Rate, adjusted and compounded annually as of December 31.

## CORPORATE GOVERNANCE

### CORPORATE GOVERNANCE PRINCIPLES

Our Board operates under a set of Corporate Governance Principles, which include guidelines for determining director independence and consideration of potential director nominees. The Corporate Governance Principles can be found on the Company's website ([www.rayonier.com](http://www.rayonier.com)). The Board, through the Nominating Committee, regularly reviews developments in corporate governance and best practices and, as warranted, modifies the Corporate Governance Principles, committee charters and key practices.

### DIRECTOR INDEPENDENCE

The Company's Common Shares are listed on the New York Stock Exchange ("NYSE"). In accordance with NYSE rules, the Board makes affirmative determinations annually as to the independence of each director and nominee for election as a director. To help make such determinations, the Board has adopted a set of Director Independence Standards, which conform to or are more exacting than the independence requirements set forth in the NYSE listing standards. Our Director Independence Standards are appended to the Company's Corporate Governance Principles, available at [www.rayonier.com](http://www.rayonier.com). In applying our Director Independence Standards, the Board considers all relevant facts and circumstances.

Based on our Director Independence Standards, the Board has affirmatively determined that all persons who have served as directors of our Company at any time since January 1, 2021, other than Mr. Nunes, are independent under applicable NYSE listing standards and SEC rules.

In addition, members of our Audit Committee and Compensation Committee are subject to certain additional independence criteria. Specifically, the Board has determined that each member of the Compensation Committee is independent within the meaning of Rule 10C-1 of the Securities Exchange Act of 1934 ("Exchange Act") and that Dod A. Fraser, Scott R. Jones, V. Larkin Martin, Meridee A. Moore, and Ann C. Nelson qualify as "non-employee directors" as defined in Rule 16b-3 under the Exchange Act. The Board has also determined that all of the Audit Committee members are independent within the meaning of the NYSE listing standards and Rule 10A-3 of the Exchange Act. For additional information regarding independence and qualifications of the Audit Committee, see the "Report of the Audit Committee" on page [44](#).

The Nominating Committee, on behalf of the Board, annually reviews any transactions undertaken or relationships existing between the Company and other companies with which any of our directors or Board nominees are affiliated. The Board determined that none of the transactions or relationships identified for 2021 were material to the Company, the other companies or the independence of the subject directors and Board nominees.

## COMMITTEES OF THE BOARD OF DIRECTORS

The Board has three standing committees, the Audit Committee, Compensation Committee and Nominating Committee, each of which operates under a written charter available on the Investor Relations section of the Company's website ([www.rayonier.com](http://www.rayonier.com)).

## BOARD LEADERSHIP STRUCTURE

Our governing documents allow the roles of Chair of the Board and CEO to be filled by the same or different individuals. This approach allows the Board flexibility to determine whether the two roles should be separate or combined based upon the Company's needs and the Board's assessment of the Company's leadership from time to time. Although our Board regularly considers and is open to different structures as circumstances may warrant, the Board believes that the current arrangement of separating the roles of Chair and CEO is in the best interest of the Company and its shareholders at this time because it provides the appropriate balance between strategy development and independent oversight of management.

Dod A. Fraser currently serves as the Chair of the Board as a non-executive and independent director. Mr. Fraser's responsibilities as the independent Chair include, among other things:

- Serving as the leader of the Board and overseeing and coordinating the work of the Board and its committees;
- Serving as a liaison between the CEO, other members of senior management, the independent directors and the committee chairs;
- Being available to serve as an advisor to the CEO;
- Presiding at all meetings of the Board, including executive sessions of the independent directors;
- Setting meeting agendas for the Board;
- Approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;
- Presiding at all meetings of the shareholders;
- Recommending to the Board agendas for shareholder meetings and providing leadership to the Board on positions the Board should take on issues to come before shareholder meetings;
- Participating in discussions with the Nominating Committee on matters related to Board and committee composition and with the Nominating Committee and the Compensation Committee on matters related to the hiring, evaluation, compensation and termination of, and succession planning for the CEO; and
- Being available for consultation and direct communication with major shareholders or external groups.

## OVERSIGHT OF RISK

Oversight of risk is the responsibility of the full Board, with management having day-to-day responsibility for identifying, evaluating, managing and mitigating the Company's exposure to risk. The Board fulfills its risk oversight function both directly and through delegation to the committees of the Board. In general, the Board oversees the management of risks in the operation of the Company's businesses, the implementation of its strategic plan, its acquisitions and capital allocation program, its capital structure and liquidity, its organizational structure and its Enterprise Risk Management ("ERM") Committee, which consists of senior executives appointed by the Board. Each of the Board committees and our ERM Committee oversee and review areas of risk for which they are responsible. We believe that these governance practices, including the interaction of the various committees, facilitate effective Board oversight of our significant risks. The primary areas of risk oversight of each of our Board committees and the ERM Committee are as follows:

| COMMITTEES             | PRIMARY AREAS OF RISK OVERSIGHT   |
|------------------------|---|
| Audit Committee        | The Audit Committee is responsible for risks associated with financial and accounting matters, specifically financial reporting, internal controls, disclosure, tax, legal and compliance risks. In addition, the Board has given the Audit Committee primary responsibility for overseeing the Company's ERM program. With this responsibility, the Audit Committee monitors the Company's significant business risks, including financial, operational, privacy, cybersecurity, business continuity, legal, regulatory, and reputational exposures and reviews the steps management has taken to monitor and control these exposures. |
| Compensation Committee | The Compensation Committee is responsible for risks related to compensation policies and practices, including incentive-related risks, and oversees risks associated with talent management and succession planning.  |
| Nominating Committee   | The Nominating Committee is responsible for risks associated with corporate governance matters, related party transactions, effectiveness and organization, director independence and director succession planning. The Nominating Committee is also responsible for identifying and assessing ESG related risks, including climate-related risks, and refers said risks to the appropriate committee.  |
| ERM Committee          | The ERM Committee is responsible for identifying and assessing the material risks facing the Company and providing periodic reports regarding such risks to the Audit Committee for review and evaluation of mitigation strategies. The ERM Committee also completes an annual risk assessment with regard to the Company's overall compensation policies and practices, which is reviewed by the Compensation Committee.   |

## OVERSIGHT OF ENVIRONMENTAL, SOCIAL AND GOVERNANCE STRATEGY AND RISKS

Rayonier recognizes that operating responsibly—minimizing the environmental impact of our operations and respecting human rights by creating an environment of respect, integrity and fairness for our employees, contractors and customers wherever we do business—is fundamental to our long-term success. The Nominating Committee, through Board delegation, has the responsibility for ESG oversight, as well as policies, programs and strategies related to ESG matters that align with our core business strategy. Rayonier also has an internal ESG Working Group comprised of subject matter experts, which is responsible for our short-and long-term ESG goals, initiatives and strategies.

In 2021, the Nominating Committee continued its focus on reviewing the Company's ESG-related disclosure, as well as reviewing ESG-related matters significant to the Company and overseeing the formulation of our ESG strategies and goals. Specifically, the Nominating Committee reviewed and approved the company's first-ever Carbon Report covering 2019 data as well as its 2020 Carbon Report and Sustainability Report. Within the Sustainability Report, Rayonier addresses key ESG factors that we believe are meaningful to our investors and other stakeholders and maps our disclosures to the Sustainability Accounting Standards Board (SASB) and the Task Force on Climate-Related Financial Disclosures (TCFD) reporting frameworks. Rayonier remains committed to our ESG efforts, including increasing transparency on ESG matters that we believe are relevant to our business and that meet the overall needs of investors. Our ESG efforts continue to evolve, and Rayonier welcomes shareholder feedback. ESG-related matters monitored by the Board currently include:

- *Environmental Sustainability and Climate.* Our internal research team evaluates climate change at both a global and regional level, including anticipated changes in weather patterns, in an effort to assess the potential long-term impacts on the health and productivity of our forests. In addition, as part of the process for establishing our long-term strategies, our senior leadership team and Board consider the potential risks associated with climate change and the actions we can take to mitigate these risks.
- *Culture and Employee Engagement.* Our Board views our culture as one of Rayonier's most critical assets and regularly receives briefings from our Chief Executive Officer on initiatives to strengthen our company culture and encourage employee engagement. Our culture is centered on empowering individuals to behave like owners, working effectively as a team across functional and regional boundaries, prioritizing safety as a way of life, and listening to and respecting diverse points of view.
- *Diversity, Equity and Inclusion.* We are committed to creating a collaborative, inclusive and diverse environment within Rayonier, with our customers and among our contractors and suppliers. Our Board views this commitment as a business imperative and a competitive advantage. We promote diversity within our workforce and encourage the contribution of diverse suppliers. Gender and ethnic diversity have historically been a challenge for the forestry sector, which has motivated us to proactively engage in ways that we hope can have an impact on increasing diversity within the industry over time.
- *Data Privacy and Cybersecurity.* Protecting the privacy of our customers' information and the security of our systems and networks is a key priority for Rayonier. Our Board is committed to maintaining strong and meaningful privacy and security protection for all of our stakeholders' information. The Audit Committee has primary responsibility for overseeing our risk management program related to data privacy and security and cybersecurity.
- *Political Activities.* We adhere to high ethical standards when engaging in any political activities, including lobbying. These efforts are overseen by the Audit Committee. In addition, any political activity is subject to robust internal controls. All such uses of Rayonier funds, facilities or other assets will be coordinated by the Vice President, Public Affairs with approval by the Chief Executive Officer.
- *Anti-Corruption.* We have an active anti-corruption program to comply with applicable anti-corruption rules, including the Foreign Corrupt Practices Act. As part of this program, the Audit Committee receives annual notification of our continued compliance.

## NON-MANAGEMENT DIRECTOR MEETINGS

Our non-management directors met separately in five (5) regularly scheduled meetings during 2021.

## BOARD SELF-EVALUATION PROCESS

Pursuant to our Corporate Governance Principles, the Nominating Committee is responsible for establishing and overseeing a process for annual self-evaluation of the effective operation and performance of our Board and of each Board committee. We use a discussion-based process, with a questionnaire to facilitate discussion. This year, we employed an experienced independent consultant to conduct the self-evaluation rather than our Corporate Secretary, who generally does so. In these discussions, each director discusses board and committee performance as well as committee composition privately with the designated interviewer. The discussion topics are broadly cast, including appropriateness and diversity of skills, background, experience and structure, Board training, additional presentations on various topics, refinements to meeting materials and presentation format, opportunities to improve Board and Committee governance, performance and effectiveness, as well as any other topics or concerns the director may have. Additionally, the format and effectiveness of the evaluation process and whether to engage a third-party facilitator for future self-evaluations is also part of the review. Each director may also provide feedback directly to the Chair of the Nominating Committee as part of this process. The results of the discussions are aggregated by the designated interviewer then reported to the Board and committees utilizing a roundtable discussion format, and any necessary follow-up actions are developed. Our Board believes that the format of one-on-one private discussions is effective and elicits candid input and feedback.

## DIRECTOR ATTENDANCE AT ANNUAL MEETING OF SHAREHOLDERS

Directors are encouraged, but not required, to attend the Annual Meeting of Shareholders. At the 2021 Annual Meeting, all directors were in attendance.

## COMMUNICATIONS WITH THE BOARD

Shareholders and other interested parties who would like to communicate their concerns to one or more members of the Board, a Board committee, the Chair or the independent non-management directors as a group may do so by writing to any such party or group at Rayonier, c/o Corporate Secretary, 1 Rayonier Way, Wildlight, Florida 32097. All concerns received will be appropriately forwarded and, if deemed appropriate by the Corporate Secretary, may be accompanied by a report summarizing such concerns.

## DIRECTOR NOMINATION PROCESS

Potential director candidates may come to the attention of the Nominating Committee through current directors, management, shareholders and others. It is the policy of our Nominating Committee to consider director nominees submitted by shareholders based on the same criteria used in evaluating candidates for Board membership identified from any other source.

## DIVERSITY

Our Nominating Committee utilizes a matrix to evaluate the specific personal and professional attributes of each director candidate versus those of the existing Board members to ensure diversity, breadth of experience and expertise among our directors. The Nominating Committee assesses such diversity through its annual assessment of Board structure and composition and its review of the annual Board and committee performance evaluations. Recent board refreshment efforts have been conducted by search firms with proven success in developing and presenting diverse slates of candidates that represent diversity in sex, race, ethnicity, national origin and other historically underrepresented groups on U.S. public company boards. These efforts resulted in three diverse candidates who accepted invitations to join the Board, including two women and an individual of diverse national origin. The Board continues to evaluate opportunities to refresh or otherwise enhance its composition with diversity as a priority consideration.

## RELATED PERSON TRANSACTIONS

Our Board has adopted a written policy designed to minimize potential conflicts of interest in connection with Company transactions with related persons. Our policy defines a “Related Person” to include any director, executive officer or person owning more than five percent of the Company’s stock or any of their immediate family members and any entity with which any of the foregoing persons are employed or affiliated. A “Related Person Transaction” is defined as a transaction, arrangement or relationship in which the Company is a participant, the amount involved exceeds \$120,000 and a Related Person has or will have a direct or indirect material interest. For 2021, except as described below for Mr. Bass, no Related Person Transactions were submitted to the Nominating Committee for review, approval or ratification, and no transaction with any Related Person was identified.

In January 2020, we entered into an agreement to sell developed lots to Mattamy Jacksonville LLC, a wholly owned subsidiary of Mattamy Homes US, for an aggregate base purchase price of \$4.45 million (in multiple real estate closings expected to occur over a 2 year period), plus additional consideration as to each lot to the extent the ultimate sales price of each finished home exceeds agreed price thresholds (“Mattamy Contract”). The Mattamy Contract also includes marketing fee revenue based on 1.25% of the sales price of each finished home. In September 2020, Keith Bass, a member of our Board of Directors, was named the Chief Executive Officer of Mattamy Homes US. Following this development, the Mattamy Contract and the ongoing obligations therein were reviewed by the Nominating Committee in accordance with established policies and procedures regarding the authorization and approval of transactions with related parties. The Mattamy Contract was amended in May 2021, in which amendment Mattamy agreed to purchase additional developed lots for an aggregate base purchase price of \$981,000, subject to the same additional consideration as provided for the original contracted lots. The amendment to the Mattamy Contract was reviewed and approved by the Nominating Committee prior to execution by the Company. In 2021, Rayonier received payments from Mattamy of approximately \$2.96 million under the Mattamy Contract.

## STANDARD OF ETHICS AND CODE OF CORPORATE CONDUCT

The Company's Standard of Ethics and Code of Corporate Conduct is available on the Company's website ([www.rayonier.com](http://www.rayonier.com)).

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION; PROCESSES AND PROCEDURES

Keith E. Bass, Scott R. Jones, Blanche L. Lincoln, V. Larkin Martin, Meridee A. Moore and Ann C. Nelson each served as members of our Compensation Committee during the fiscal year ended December 31, 2021. No member of the Compensation Committee served as one of our officers or employees at any time during 2021 or had any Related Person Transaction or relationship required to be disclosed in this Proxy Statement, except as otherwise described above under “Related Person Transactions” with respect to Mr. Bass. Following Mr. Bass’ appointment as the Chief Executive Officer of Mattamy Homes US, the Company established a sub-committee of the Compensation Committee comprised entirely of “non-employee directors” for purposes of equity awards granted pursuant to Rule 16b-3 of the Exchange Act. None of our executive officers serve, or served during 2021, as a member of the board of directors and compensation committee of a public company with at least one of its executive officers serving on our Board or Compensation Committee.

## PROPOSAL NO. 2 — NON-BINDING ADVISORY VOTE ON “SAY-ON-PAY”

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank Act”), the requirements of Section 14A of the Exchange Act and related SEC rules, and the preference expressed by a majority of our shareholders at our 2017 Annual Meeting, we are providing shareholders with an annual advisory vote on the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis (“CD&A”) beginning on page [22](#) and in the tables and other narrative disclosure in this Proxy Statement.

As described in detail in such disclosures, our executive compensation programs are designed to focus our senior leaders on the creation of long-term shareholder value. Our compensation programs provide a substantial majority of named executive officer compensation in the form of “at risk” performance-based incentives, consisting primarily of long-term stock-based awards. We believe this properly aligns the interests of our executives with those of our shareholders and with the long-term objectives of the Company.

This proposal provides shareholders with the opportunity to endorse or not endorse our compensation arrangements for our named executive officers through the following resolution:

**“RESOLVED, that the Company’s shareholders approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the Company’s Proxy Statement for the 2022 Annual Meeting of Shareholders (which disclosure includes the Compensation Discussion and Analysis, the executive compensation tables and related material).”**

While this vote is not binding, the Board and our Compensation Committee value the opinions of our shareholders and will take into account the outcome of the vote when considering future executive compensation arrangements.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE PROPOSAL TO APPROVE, ON A NON-BINDING ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

## EXECUTIVE SUMMARY

**OUR COMPENSATION PHILOSOPHY.** Our compensation philosophy emphasizes “pay for performance” programs designed to reward superior financial performance and sustained increases in the value of our shareholders’ investment in Rayonier, while recognizing the need to maintain competitive base pay, retirement, health care, severance and other fixed compensation programs. We seek to offer total compensation opportunities competitive with the markets in which we compete for talent, with an emphasis on long-term incentive compensation. When establishing an executive’s target pay opportunity, our Compensation Committee considers market median statistics from survey benchmarks, as well as target pay levels for similarly situated executives at our direct timber REIT competitors, among other factors. By providing a substantial portion of our named executive officers’ total targeted compensation in the form of long-term incentive awards, we seek to drive sustainable increases in our market valuation and to outperform our peers on a relative total shareholder return basis while promoting equity ownership to further align the interests of our executives with our shareholders.

**SAY-ON-PAY.** The Compensation Committee carefully considers the results of our shareholders’ advisory “Say-on-Pay” vote. Last year, our shareholders expressed a high level of support for the compensation of our named executive officers, with 98.5% of the votes cast in favor of our compensation programs and practices.

Consistent with our compensation philosophy, a substantial majority of senior executive compensation is in the form of variable “at risk” pay, aligning compensation with performance and shareholder value creation. For 2021, the portion of total target compensation (which is comprised of base salary, target annual bonus and target long-term incentive award) allocated to variable “at-risk” compensation was 81% for our CEO and 67% on average for our other named executive officers.

## 2021 TARGET COMPENSATION MIX

We do not have specific pay ratios for our CEO as compared to our other senior executives, but the Compensation Committee does take into account internal pay equity factors to ensure that compensation differences within the Company are consistent with respect to different job levels and responsibilities. For example, the Compensation Committee believes that the CEO has substantially more responsibility and impact on shareholder value than any other named executive officer. Therefore, the Compensation Committee sets his total compensation at a level appreciably higher in relation to that of other named executive officers, but at a level the Compensation Committee believes is appropriate and reflective of market practice and with a greater portion of his total compensation contingent on our performance.

**BASE SALARY.** Base salary is a fixed compensation component intended to compensate our executives based on experience, expertise and job responsibilities. Each year, the Compensation Committee reviews the base salary of our CEO and each of his direct reports, including all of our named executive officers. In making adjustments to base salary levels, the Compensation Committee considers a number of factors, including external market data, the approved annual salary budget, level of responsibilities, experience and breadth of knowledge, and individual performance. Base salaries for our named executive officers in 2021 were as follows:

| Named Executive Officer | Base Salary<br>(Effective 4/1/21) |
|-------------------------|-----------------------------------|
| David Nunes             | \$850,000                         |
| Mark McHugh             | \$525,000                         |
| Doug Long               | \$435,000                         |
| Rhett Rogers            | \$390,000                         |
| Mark Bridwell           | \$390,000                         |

**ANNUAL BONUS PROGRAM.** Under the Rayonier Non-Equity Incentive Plan, we provide cash compensation in the form of an annual bonus incentive designed to reward executives based on the Company's financial performance against key budgeted financial metrics and the attainment of identified strategic objectives. The annual bonus program provides for a target bonus award opportunity for each executive, expressed as a percentage of base salary. For 2021, the target bonus award opportunities for the named executive officers were as follows: Mr. Nunes, 125%; Messrs. McHugh and Long, 85%; and Messrs. Rogers and Bridwell, 55%. To more closely align with market medians, the target bonus percentages for Messrs. McHugh and Long were increased from 75% to 85% in 2021.

**Bonus Plan Metrics.** For 2021, Recurring Cash Flow performance against budget, weighted 80%, and performance against our annual Strategic Objectives and a Quality of Earnings Assessment, weighted 20%, were used to fund the overall bonus pool. The Compensation Committee believes that Recurring Cash Flow provides a strong measure of management performance, as it isolates the operational cash flow performance of the business excluding the impact of extraordinary items (both positive and negative) while also accounting for ongoing capital investment. Recurring Cash Flow is defined as Cash Available for Distribution plus interest expense, which eliminates the impact of capital structure decisions, plus cash taxes. Cash Available for Distribution is defined as cash provided by operating activities adjusted for capital spending (excluding timberland acquisitions and real estate development investments) and working capital and other balance sheet changes.

The bonus pool funding level is calculated using the table below, interpolating values between the threshold, target and maximum levels, with zero payout for performance below threshold:

|  | Threshold                   | Target                       | Maximum                      |
|--|-----------------------------|------------------------------|------------------------------|
| <b>Recurring Cash Flow (80%)</b>                                   |                             |                              |                              |
| Percentage of Budgeted Recurring Cash Flow Achieved                | 80% of Budget               | Budget                       | 110% of Budget               |
| Bonus Pool Funding Level   | 40% of Target Awards        | 80% of Target Awards         | 120% of Target Awards        |
| <b>Strategic Objectives / Quality of Earnings Assessment (20%)</b> |                             |                              |                              |
| Bonus Pool Funding Level   | 0% of Target Awards         | 20% of Target Awards         | 30% of Target Awards         |
| <b>Total</b>   | <b>40% of Target Awards</b> | <b>100% of Target Awards</b> | <b>150% of Target Awards</b> |

Under our bonus pool structure, individual awards can be adjusted down to 0% or up to +30% of the calculated payout level, not to exceed 150% of target awards, based on individual performance.

**Measuring 2021 Results.** Performance results under our annual bonus program with respect to Recurring Cash Flow may be adjusted to take into account material unusual, nonrecurring and non-budgeted items impacting the bonus calculation. For 2021, no adjustments were made.

Payout at target award levels for 2021 required achievement of Recurring Cash Flow of \$207.8 million, representing the annual budgeted amount approved by the Board in January 2021. Actual Recurring Cash Flow for 2021 was \$257.6 million, resulting in funding for the financial performance component at 120% of target.

Our 2021 strategic objectives included a number of ESG initiatives—enhancing ESG disclosures as part of our Carbon and Sustainability Reports, exploring business development opportunities associated with timberlands as a natural climate solution, developing a comprehensive evaluation of climate change impacts, and implementing initiatives to enhance our contractor safety culture. Our 2021 objectives also included initiatives to improve efficiencies, reduce costs, streamline decision-making, and leverage our market intelligence program and proprietary analytical tools to add value to our portfolio and improve operating results. Other initiatives focused on unlocking value in our Real Estate segment, optimizing portfolio value through active portfolio management, and creating greater balance sheet flexibility to enhance future growth. Finally, we pursued initiatives identified by our Diversity, Equity, and Inclusion (DE&I) task force to enhance diversity, inclusion and belonging within our culture and also implemented an early career development rotational program to help develop future leaders.

After assessing performance for 2021 against the identified strategic objectives and reviewing a detailed variance analysis of budgeted versus actual financial performance, the Compensation Committee approved a payout of 30% for the strategic objectives and quality of earnings component of the bonus, bringing the overall payout to 150% of target awards for each named executive officer. In making this determination, the Compensation Committee was pleased with management's ability to deliver above-budget financial results despite both lower than expected harvest volumes as a result of inclement weather conditions and continued operational and logistical challenges caused by COVID-19. Additionally, the Compensation Committee was pleased with the execution of 2021 strategic initiatives, including those designed to create future balance sheet flexibility, such as completing the exit of the Timber Funds business, selling less-strategic timberland parcels and refinancing our long term debt. The Committee was also pleased with our progress in further unlocking value from our Real Estate portfolio and in enhancing our ESG disclosures with the release of our Carbon and Sustainability Reports.

**Final 2021 Bonus Awards.** The final annual bonuses earned by our named executive officers for 2021 were approved by the Compensation Committee and, for Mr. Nunes, by our independent directors, in February 2022 and appear in the Summary Compensation Table on page [34](#) under the heading “Non-Equity Incentive Plan Compensation.” As discussed above, the bonus pool funding for 2021 was 150% of target, and no adjustments were made to the earned bonuses for the named executive officers.

**LONG-TERM INCENTIVES.** The Rayonier Incentive Stock Plan provides the Compensation Committee the flexibility to award long-term compensation incentives through a variety of equity-based awards. Long-term incentive awards allow us to offer a competitive overall compensation package and also provide share ownership opportunities for our executives to increase their proprietary interest in Rayonier and, as a result, their interest in our long-term success and commitment to creating shareholder value.

**2021 Long-Term Incentive Program Changes.** In the latter part of 2020, we initiated a comprehensive review of our long-term incentive program design with a view towards reassessing its alignment with our overall long-term incentive program goals. Overall, we continue to believe that our long-term incentive program should:

- promote an ownership mentality that incentivizes management to focus on long-term value creation;
- align the interests of management with shareholders;
- reflect the very long-dated nature of our assets; and
- along with our other compensation and benefits programs, provide a competitive compensation package that is compelling to current and prospective executives and promotes retention of key talent.

In reviewing our long-term incentive program, several key issues/challenges were identified:

- lack of a well-correlated group of timber peers complicates our relative Total Shareholder Return or "TSR" analysis—the number of direct timber peers has declined from six to three since 2015 due to sector consolidation, and two of those remaining peers have significant exposure to wood products manufacturing (versus Rayonier's “pure-play” timberland business model);
- small size of our prior peer group (39 companies) and over-weighting of timber peers (previously 8x) resulted in excessive payout volatility based on relatively small changes in TSR;

- market-standard three-year measurement period for performance shares does not fully capture the very long-dated nature of managerial decision-making with respect to our timberland assets (which generally have 25- to 40-year rotation cycles);
- our prior vesting schedule for restricted stock units (i.e., vesting in thirds on the third, fourth and fifth anniversary of the grant) was out of line with competitive market compensation practices.

Based on a competitive assessment of the program and in an effort to address the identified issues/challenges, the following changes to our long-term incentive program were implemented for 2021:

**Performance Share Program.**

- Adopted a larger REIT peer group – the FTSE NAREIT All Equity REIT Index, which includes 159 companies.
- Changed the weighting of the three timber REIT peers in the percentile calculation from 8x to 5x.
- Adjusted the performance and payout schedule – the threshold level will change from a 30% of target payout at the 30th percentile to a 50% of target payout at the 25th percentile, and there will be a corresponding reduction in the upside potential, which will change from a maximum payout of 200% of target at the 80th percentile to a maximum payout of 175% of target at the 75th percentile.
- Added a 1-year post-vesting holding period that applies to VPs and above, along with a 400% total value cap on performance shares, which limits the overall value delivered per earned share to 4x the stock price on the grant date. Both features are designed to align with shareholder interests, with the latter feature further intended to avoid “windfall” payouts driven by excess volatility.

**Restricted Stock Unit Vesting.** We have revised our vesting schedule for 2021 to align more closely with common market practice of 25% per year over 4 years versus our prior back-end loaded vesting schedule of one-third per year in years 3, 4 and 5. Note that we implemented above market stock ownership guidelines in 2019 (i.e., CEO: at least 8x base salary, CFO: at least 4x base salary, and Other SVPs: at least 3x base salary), which we will continue to maintain. We believe that our stock ownership policy combined with our revised vesting schedule balances our goal of aligning management’s interests with those of shareholders while creating a more market-competitive compensation structure that better supports our recruiting efforts.

**Long-Term Incentive Program Mix.** Given the various challenges identified with our performance share program, along with our belief that creating a stock ownership culture is the most important factor in aligning management and shareholder interests, we have shifted the mix of our long-term incentive awards to 50% performance shares and 50% time-based restricted stock units.

**Long-Term Incentive Program Overview** As discussed above, for 2021, the Compensation Committee allocated long-term incentive compensation for our named executive officers between performance shares (weighted 50%) and time-based restricted stock units (weighted 50%). The Compensation Committee believes the plan reinforces the long-term ownership culture that we seek to promote among our executives, provides a strong incentive to our executives to focus on the ongoing creation of shareholder value and to deliver sustained increases in the Company’s market valuation, and provides a retention incentive for our executives. In setting the grant date value of target long-term incentives to be awarded to each named executive officer, the Compensation Committee considers external market pay data, performance and potential, as discussed under “Compensation Benchmarking” on page [31](#). Long-term incentive target award values for 2021 are reflected below:

| Named Executive Officer | 2021 Performance Shares Target Value <sup>(1)</sup> | 2021 Restricted Stock Units Target Value <sup>(1)</sup> | Total Long-Term Incentive Target Value |
|-------------------------|---|---|--|
| David Nunes             | \$1,325,000   | \$1,325,000   | \$2,650,000                            |
| Mark McHugh             | \$475,000   | \$475,000   | \$950,000                              |
| Doug Long               | \$275,000   | \$275,000   | \$550,000                              |
| Rhett Rogers            | \$200,000   | \$200,000   | \$400,000                              |
| Mark Bridwell           | \$187,500   | \$187,500   | \$375,000                              |

(1) These amounts reflect the approved target value of long-term incentive compensation granted to our named executive officers in 2021. The actual grant-date fair values of these grants, computed in accordance with FASB ASC Topic 718, are shown in the “Summary Compensation Table” on page [34](#) and the “Grants of Plan-Based Awards” table on page [36](#). Long-term incentive payouts in 2021, if any, are reflected in the “Option Exercises and Stock Vested” table on page [38](#).

**Time-Based Restricted Stock Units.** The time-based restricted stock unit awards vest 25% per year on the first, second, third and fourth anniversaries of the grant date. The vesting period is designed to align the interests of our senior leadership team with the interests of our shareholders by focusing on the long-term success of our company while also promoting retention and is further aligned with market practice.

**Performance Shares.** The target award level is determined at the beginning of a 36-month performance period. Performance share awards were approved by the Compensation Committee (and, for the CEO, by our independent directors) in February 2021; the performance period began on April 1, 2021 and ends on March 31, 2024.

The payout, if any, will be based on the level of economic return we produce for our shareholders (or “TSR”) relative to that produced by the 2021 Performance Share Peer Group, chosen by the Compensation Committee as those companies most likely to be considered “operational and/or capital markets competitors” to Rayonier.

TSR is calculated for the performance period based upon the return on a hypothetical investment in Rayonier shares versus the return on an equal hypothetical investment in each of the peer companies, in all cases assuming reinvestment of dividends. Earned shares, if any, will be paid out in April 2024 after the end of the performance period on March 31, 2024, based on our relative TSR performance percentile ranking against the peer group, as follows:

| Percentile Rank                     | Payout Level (Expressed As Percent of Target Award Shares)                       |
|-------------------------------------|--|
| 75 <sup>th</sup> and Above          | 175%   |
| 51 <sup>st</sup> – 74 <sup>th</sup> | 100% (plus 3% for each incremental percentile position over the 50th Percentile) |
| 50 <sup>th</sup>                    | 100%   |
| 26 <sup>th</sup> – 49 <sup>th</sup> | 50% (plus 2% for each incremental percentile position over the 25th Percentile)  |
| 25 <sup>th</sup>                    | 50%  |
| Below 25 <sup>th</sup>              | 0%   |

The payout percentage is capped at 100% of target if Rayonier’s TSR for the performance period is negative. Additionally, as discussed above as part of our program changes for 2021, we also have a 400% total value cap on performance shares, which limits the overall value delivered to 4x the value on the grant date.

VPs and above, including all of our named executive officers, are now required to hold any shares earned for one year post vesting.

The 2021 Performance Share Peer Group includes the three other U.S.-based, publicly traded timber REITs plus the other companies comprising the FTSE NAREIT All Equity REIT Index as shown below. As the timber companies are considered our closest competitors, they are counted five times within the TSR performance calculation while the other REITs are counted one time.

## OTHER COMPENSATION INFORMATION

**EXECUTIVE PERQUISITES.** In addition to benefits that are available broadly to our employees, Rayonier executive officers are eligible to participate in the Executive Physical Program. Each executive-level employee of the Company is encouraged to have a physical examination every year. The Company does not offer any other executive perquisites.

**RETIREMENT BENEFITS.** We maintain the following plans and programs to provide retirement benefits to salaried employees, including the named executive officers, to the extent such employees are eligible participants under the plan terms:

- the Rayonier Investment and Savings Plan for Salaried Employees (our 401(k) plan);
- the Rayonier Inc. Supplemental Savings Plan;
- the Retirement Plan for Salaried Employees of Rayonier;
- the Rayonier Excess Benefit Plan; and
- the Rayonier Salaried Retiree Medical Plan.

The benefits available under the plans listed above are intended to provide income replacement after retirement, primarily through distributions from a 401(k) or other deferred compensation plan. We place great value on the long-term commitment that many of our employees and named executive officers have made to us and wish to incentivize them to remain with the Company with a focus on building sustainable value over the long term. Therefore, the Company has determined that it is appropriate to provide employees with competitive retirement benefits as part of their overall compensation package.

Our defined contribution retirement plans are designed to encourage employees to take an active role in planning, saving and investing for retirement. As a supplement to our 401(k) plan, the Supplemental Savings Plan is designed to provide eligible employees and executives with a convenient and efficient opportunity to save for retirement while deferring applicable income taxes until withdrawal. For a detailed description of the Supplemental Savings Plan, see the discussion following the “Nonqualified Deferred Compensation” table on page [40](#).

Our defined benefit pension plans, the Retirement Plan for Salaried Employees of Rayonier and the Rayonier Excess Benefit Plan, were closed to new employees on January 1, 2006. On December 31, 2016, benefits under our defined benefit pension plans were frozen for all participants. No additional benefits will be accrued under these plans. Of our named executive officers, Messrs. Long and Rogers are participants in these plans. Our other named executive officers were hired after January 1, 2006 and are ineligible to participate. For detailed descriptions of our Retirement Plan for Salaried Employees and the Rayonier Excess Benefit Plan, see the discussion following the “Pension Benefits” table on page [39](#).

For those eligible participants who were employed prior to the January 1, 2006 closure to new participants, the Rayonier Salaried Retiree Medical Plan provides salaried employees eligible for retirement with access to a Company-sponsored healthcare plan funded entirely by the plan participants. This benefit is extended on an equivalent basis to all eligible retirees who are plan participants.

The Compensation Committee reviews these retirement benefits programs periodically to evaluate their continued competitiveness.

## POST-TERMINATION AND CHANGE IN CONTROL BENEFITS

**Severance Pay Plan.** The Severance Pay Plan for Salaried Employees provides severance benefits to all salaried employees of Rayonier, including the named executive officers, in the event their employment is terminated (other than “for cause” and other non-qualifying terminations defined in the plan). Upon execution of a satisfactory separation agreement, the severance benefit available to our named executive officers ranges from 20 weeks to 26 weeks of base salary, plus an additional week of base salary for each year of service over one year.

**Executive Severance Pay Plan.** The Compensation Committee recognizes that, as with all publicly traded corporations, there exists the possibility of a change in control of Rayonier and that the uncertainty created by that possibility could result in the loss or distraction of senior executives to the detriment of Rayonier and our shareholders. The Executive Severance Pay Plan, referred to in this discussion as the “Executive Plan,” reflects the Compensation Committee’s view

that it is critical to encourage executive retention and that the continued attention and dedication of our senior executives should be fostered, notwithstanding the possibility, threat, rumor or occurrence of a change in control of Rayonier. In addition, the Executive Plan is intended to align executive and shareholder interests by enabling executives to consider corporate transactions that may be in the best interests of our shareholders and other constituents without undue financial concern over whether the transaction would jeopardize the executives' own employment.

The Executive Plan achieves these objectives by providing benefits to eligible executives designated by the Compensation Committee, which currently include all of our named executive officers, in the event of a change in control of the Company. Any benefits payable require a "double-trigger," meaning in addition to a change in control, the executive must be involuntarily terminated (other than for cause) or resign for "good reason" before any payments or benefits are triggered. If the executive is involuntarily terminated (other than for cause) or resigns for good reason within 24 months of the change in control, he or she will be entitled to enhanced severance benefits, which depend on the executive's status as a Tier I or Tier II executive. The Executive Plan has no excise tax gross-up provision. The Executive Plan includes a best net benefit provision, which provides eligible executives with the greater of (1) the full benefit, with the executive personally responsible for paying the excise tax, or (2) a capped benefit, with the amount reduced just below the threshold for triggering the excise tax. The Compensation Committee reviews the Executive Plan annually and retains the discretion to terminate the Executive Plan or to include or exclude any executive, including any named executive officer, at any time prior to a change in control. As of December 31, 2021, Messrs. Nunes, McHugh and Long are included as Tier I executives, and Messrs. Rogers and Bridwell are included as Tier II executives.

The potential payments under the Executive Plan are calculated in the "Potential Payments upon Termination or Change in Control" table on page [41](#).

## DECISION-MAKING PROCESS

**ROLE OF THE COMPENSATION COMMITTEE, MANAGEMENT AND ADVISORS.** The Compensation Committee has responsibility for establishing our compensation philosophy and for monitoring our adherence to it. The Compensation Committee reviews and approves compensation levels for all executive officers as well as all compensation, retirement, perquisite and benefit programs applicable to such officers. In addition to the Clawback Policy discussed below, the Compensation Committee also has discretion to adjust short- and long-term incentive awards as it deems appropriate. The Compensation Committee establishes annual performance objectives for the CEO; evaluates his accomplishments and performance against those objectives; and, based on such evaluation, makes recommendations regarding his compensation for approval by the independent members of our Board. All of these functions are set forth in the Compensation Committee's Charter, which is available on our website ([www.rayonier.com](http://www.rayonier.com)) located under the Corporate Governance tab on our Investor Relations page and is reviewed annually by the Compensation Committee.

The Compensation Committee's work is accomplished through a series of meetings throughout the year to ensure that all major elements of compensation are appropriately considered and that compensation and benefit programs are properly designed, implemented and monitored. Special meetings are held as needed to address matters outside the regular compensation cycle. Working with the Compensation Committee Chair, our Vice President, Human Resources and Information Technology prepares an agenda and supporting materials for each meeting. Our Vice President, Human Resources and Information Technology, and our Vice President, General Counsel and Corporate Secretary, along with our Chief Executive Officer, generally attend Compensation Committee meetings by invitation, but are excused for executive sessions. The Compensation Committee invites other members of management to attend meetings as it deems necessary to cover issues within their specific areas of expertise or responsibility.

The Compensation Committee also seeks advice and assistance from compensation consultants and outside counsel. The Compensation Committee has engaged a compensation consulting firm, FW Cook, to provide advice, relevant market data and best practices to consider when making compensation decisions, including decisions involving the CEO and the programs generally applicable to senior executives. FW Cook does not provide any services other than consulting services related to executive and Board compensation. The Compensation Committee has assessed the independence of our compensation consultant against the specific criteria under applicable SEC and NYSE rules and determined that no conflict of interest is or was raised by their work for the Compensation Committee.

**COMPENSATION BENCHMARKING.** In an effort to provide a competitive compensation package and to attract, motivate and retain a talented management team, the Compensation Committee studies market norms among our industry peers and references broad-based general industry and REIT compensation surveys for comparably sized companies. The

Compensation Committee also considers the expertise and experience level of a given executive as well as individual, Company and market factors.

In setting 2021 compensation levels for senior executives, including each of the named executive officers, the Compensation Committee referenced median compensation levels at comparably sized general industry and real estate investment trusts (REITs) using a blend of two survey sources: (1) the WTW CDB Executive Compensation Survey for companies with revenues of \$1 billion to \$3 billion and (2) the NAREIT Compensation Survey for companies with total capitalization between \$5 billion and \$10 billion. Because our market capitalization relative to our revenue base is significantly larger than many general industry companies in the WTW survey, the selection of a peer group based solely on revenue tends to create a negative bias in compensation benchmarks relative to the selection of a peer group based solely on market capitalization. To account for this bias, FW Cook calculated the median revenue-to-total-capitalization ratio for the companies in the S&P 400 Midcap Index (~0.40x times) and applied that ratio to our total capitalization to derive an adjusted revenue scope for the WTW survey, which fell within the \$1 billion to \$3 billion revenue range in the survey. Market ranges are developed around the competitive median values as follows, allowing for differentiation based on factors such as performance and experience: (1) base salary +/-10%, (2) target total annual cash of +/-15%, and (3) target total direct compensation of +/-20%.

The Compensation Committee also reviewed compensation practices of our industry peer companies, as disclosed in each company's annual proxy statement. These include PotlatchDeltic Corporation, Catchmark Timber Trust and Weyerhaeuser. While we do not place significant weighting on these companies when evaluating competitive pay levels given that one of these companies is much smaller and one much larger than Rayonier, the Committee does consider their annual bonus and long-term incentive program design practices.

For 2021, target total direct compensation levels (consisting of base salary, target annual bonus and target long-term incentive award) for our named executive officers on average were generally consistent with the median of the compensation surveys discussed above.

## COMPENSATION POLICIES AND GOVERNANCE PRACTICES

**STOCK OWNERSHIP GUIDELINES.** We believe that share ownership requirements help to further focus the senior leadership team on the long-term success of our businesses and the interests of our shareholders. All executives at the Vice President level and above are required to acquire and hold, within five years after taking such position, Rayonier shares with a value equal to a designated multiple of their base salary as reflected below:

| Position  | Ownership Requirement |
|---|-----------------------|
| Chief Executive Officer                             | 8x                    |
| Executive Vice Presidents & Chief Financial Officer | 4x                    |
| Senior Vice Presidents                              | 3x                    |
| Vice Presidents on Senior Leadership Team           | 2x                    |
| Vice Presidents                                     | 1x                    |

We also require that each independent director, within four years of joining our Board, maintain a minimum ownership interest in Rayonier at a level equal to four times the director's annual equity retainer. Prior to satisfying his or her ownership requirement, a director or executive is prohibited from selling any Rayonier shares other than shares withheld or sold to satisfy taxes in connection with a performance share payout, restricted stock/unit vesting or stock option exercise. Note that unvested and unearned performance share awards or unexercised stock options **do not** count towards the ownership requirements. All of our directors and executive officers have met or are on track to meet their ownership requirements within the required period.

**PROHIBITION ON HEDGING AND PLEDGING SHARE OWNERSHIP.** Our executive officers and directors are not permitted to hedge their economic exposure to our common shares, to hold their ownership interests in our common shares in a margin account or to otherwise pledge their common shares as collateral for a loan. A more detailed description of our prohibition on hedging and pledging is included in the "Share Ownership of Directors and Executive Officers" section on page [46](#) and is incorporated in this CD&A by reference.

**TAX CONSIDERATIONS.** Section 162(m) of the Internal Revenue Code of 1986, as amended (“Code”) precludes a public corporation from taking a deduction for compensation in excess of \$1 million for certain of our named executive officers. In reviewing and establishing our compensation program and payments, the Compensation Committee considers the anticipated tax treatment to Rayonier and the named executive officers. However, deductibility of compensation is only one factor that the Compensation Committee takes into account in setting executive compensation, and the Compensation Committee retains the flexibility to award compensation that is not deductible in its discretion.

**CLAWBACK POLICY.** We have an extensive Clawback Policy that provides the Compensation Committee discretion to recover incentive awards paid or outstanding in the event of a financial restatement or detrimental conduct. Detrimental conduct includes failure to comply with material policies of the Company, committing an illegal act in connection with the performance of a covered employee's duties or taking any action or failing to take action which puts the Company at material risk. The financial restatement provision of the policy applies to Section 16 Officers and allows the Compensation Committee to recover the difference between the incentive-based awards paid and the value that would have been paid had the restated financial information been known at the time the award was paid. The detrimental conduct provision applies to a broader group of management and provides the Compensation Committee discretion to recover all or a portion of any incentive awards paid or outstanding during the prior 36 months.

## REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

The Compensation Committee has reviewed and discussed the CD&A required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, recommended to the Board that the CD&A be included in this Proxy Statement, which is incorporated by reference into the Company's 2021 Annual Report on Form 10-K filed with the SEC.

(1) Represents the aggregate grant date fair value for performance share and restricted stock unit awards, computed in accordance with FASB ASC Topic 718 granted in 2021, 2020 and 2019. For 2021, the Stock Awards column includes the grant date fair value of performance shares at target and restricted stock unit awards as follows:

|              | Performance Shares | Restricted Stock Units |
|--------------|--------------------|------------------------|
| Mr. Nunes    | \$ 1,410,321       | \$ 1,324,991           |
| Mr. McHugh   | \$ 505,586         | \$ 474,996             |
| Mr. Long     | \$ 292,711         | \$ 275,001             |
| Mr. Rogers   | \$ 212,875         | \$ 199,995             |
| Mr. Bridwell | \$ 199,574         | \$ 187,499             |

Performance share payouts are based on market conditions, and as such, the awards are valued using a Monte Carlo simulation model. A discussion of the assumptions used in calculating these values may be found in the "Incentive Stock Plans" section included in the notes to our financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2021, 2020 and 2019.

(2) For 2021, the following amounts reflect the grant date fair value of the performance share awards, assuming that the highest level of performance is achieved under the 2021 Performance Share Award Program: Mr. Nunes, \$2,318,734; Mr. McHugh, \$831,243; Mr. Long, \$481,252; Mr. Rogers, \$349,991; and Mr. Bridwell, \$328,124.

(3) Represents awards under the 2021, 2020 and 2019 bonus programs discussed in the CD&A beginning on page [22](#).

(4) For Messrs. Long and Rogers, these amounts represent the annual change in actuarial present value of the participant's pension benefit under the Company's retirement plans. For 2021, Messrs. Long and Rogers' aggregate change in pension value was negative. In accordance with SEC rules, the value shown in the table for 2021 is zero. The actual change in pension value from December 31, 2020 to December 31, 2021 for Mr. Long was \$(191,084) and for Mr. Rogers was \$(85,787).

(5) For each year presented, these amounts include Company contributions to the Rayonier Investment and Savings Plan for Salaried Employees, our 401(k) Plan; Company contributions to the Rayonier Excess Savings and Deferred Compensation Plan; interest paid on dividend equivalents; and the costs of executive physical examinations. The amounts reflect 401(k) Plan Company contributions as follows: for 2021: Messrs. Nunes, McHugh, Long, Rogers and Bridwell: \$19,140; for 2020: Messrs. Nunes, McHugh, Long, Rogers, and Bridwell: \$18,810; for 2019: Messrs. Nunes, McHugh, Long, Rogers, and Bridwell, \$18,480. All amounts reflect actual expenses incurred and paid by the Company in providing these benefits.

## CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of David Nunes, our President and Chief Executive Officer (our "CEO"). For fiscal 2021:

- The median of the annual total compensation of all employees of our Company (other than our CEO) was \$107,896; and
- The annual total compensation of our CEO, as reported in the Summary Compensation Table above, was \$5,316,481.

Based on this information, for 2021, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 49 to 1.

We last identified our median employee in 2021 in accordance with SEC rules which permit companies to use the same median employee for up to three consecutive years so long as certain conditions are met. To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our CEO, we used the following methodology and material assumptions, adjustments and estimates:

- We determined that, as of December 31, 2020, our employee population consisted of 413 employees, with 76% of these individuals located in the United States and 24% located in New Zealand. This population consisted of our full-time and part-time employees. We selected December 31, 2020 as the date upon which we would identify the “median employee”.
- To identify the median employee from our employee population, we compared the amount of salary paid in 2020, the annual cash incentive compensation awarded for 2020, and the grant date value of equity awards granted in 2020 for each employee. In making this determination, we annualized the compensation of one part-time and 77 full-time employees who were hired in 2020 but did not work for us for the entire fiscal year. We did not make any cost-of-living adjustments in identifying the median employee.
- Once we identified our median employee, we combined all of the elements of such employee’s compensation for 2021 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K using the same calculation for annual total compensation as is used for the Summary Compensation Table.
- With respect to the annual total compensation of our CEO, we used the amount reported in the “Total” column of Summary Compensation Table above.

(1) Determined using the assumptions that applied for FASB ASC Topic 715-30 disclosure as of December 31, 2021. For December 31, 2021, an interest rate of 2.65% was used, and the mortality assumptions were the Pri-2012 mortality tables with a fully generational projection using scale MP-2021. Employees are assumed to retire at the earliest age that they will be eligible for an unreduced pension (i.e., age 60 and 15 years of service or age 65). Mortality is assumed from that date only. Benefits are assumed to be paid in the normal form of payment which is a life annuity for single employees and the 90/50 survivor form for married employees.

The Retirement Plan is a tax-qualified retirement plan covering all eligible salaried employees hired prior to January 1, 2006. This plan provides income replacement following retirement through the payment of monthly pension benefits based upon the employee's average final compensation and years of service. The costs of benefits under the Retirement Plan are borne entirely by the Company. The plan was closed to new participants on January 1, 2006. Effective December 31, 2016, the plan was amended to freeze benefits for all employees participating in the plan.

For the period through December 31, 2003, the annual pension amounted to 2% of a participant's final average compensation for each of the first 25 years of benefit service, plus 1.5% of the participant's average final compensation for each of the next 15 years of benefit service, reduced by 1.25% of the participant's primary Social Security benefit for each year of benefit service to a maximum of 40 years, provided that no more than one-half of the participant's primary Social Security benefit is used for such reduction. Effective January 1, 2004, the Retirement Plan was amended so that for future service the annual pension amounts to 1.5% of the participant's final average compensation for each year of benefit service to a maximum of 40 years.

A participant is vested in benefits accrued under the Retirement Plan upon completion of five years of eligibility service. Normal retirement is at age 65. The Retirement Plan also provides for unreduced early retirement pensions for participants who retire at or after age 60 following completion of 15 years of eligibility service. Reduced benefits are available at age 55 with at least 10 years of service (“Standard Early Retirement”) or as early as age 50 with age plus eligibility service equal to at least 80 or age 55 with at least 15 years of eligibility service (“Special Early Retirement”). The plan benefit for a participant eligible for Standard Early Retirement will be reduced by 3% for each year of age under 65 (e.g., age 64 would result in 97% of the benefit payable). The Retirement Plan benefit for a participant eligible for Special Early Retirement will receive a 5% reduction for each year of age under 60 (e.g., age 59 would result in 95% of the benefit payable).

A participant's average final compensation includes salary and approved bonus payments calculated under the Retirement Plan as follows: (1) the participant's average annual base salary for the five calendar years during the participant's last 120 calendar months of service which yield the highest such average plus (2) the participant's average approved bonus payments for the five calendar years during the participant's last 120 calendar months of service which yield the highest such average.

Rayonier adopted the Excess Plan to meet the retirement needs of a small segment of its salaried employee population affected by limiting federal legislation. Applicable federal legislation limits the amount of benefits that can be paid and the compensation that may be recognized under a tax-qualified retirement plan. Tax-qualified retirement plan participants whose annual benefit at the time of payment exceeds Section 415 of the Code limitations or whose benefit is limited on account of the Section 401(a)(17) of the Code limitation on compensation are participants in the Excess Plan. The practical effect of the Excess Plan was to continue calculation of benefits after retirement to all employees on a uniform basis regardless of compensation levels. All employees covered by the Retirement Plan were eligible under the Excess Plan; however, benefits under the plan were only accrued to those employees who are affected by the Code limits and only through December 31, 2016 due to the freeze on the Retirement Plan.

(1) All executive and Company contributions in the last fiscal year are reflected as compensation in the Summary Compensation Table on page [34](#).  
 (2) To the extent that a participant was a named executive officer in prior years, executive and Company contributions included in the Aggregate Balance at Last FYE column have been reported as compensation in the Summary Compensation Table for the applicable year. The Rayonier Inc. Supplemental Savings Plan (“Supplemental Savings Plan”) is a nonqualified, unfunded plan that consists of two components—an Excess Savings component (a supplement to the Rayonier Investment and Savings Plan for Salaried Employees (“Savings Plan”) and an Excess Base Salary and Bonus Deferral component.

The Excess Savings component of the Supplemental Savings Plan supplements the qualified 401(k) plan by providing employees with Rayonier contributions lost due to the federal tax regulations limiting employee contributions to tax-qualified 401(k) plans. Participants can contribute up to 6% of total base salary and bonus. The Company contributes matching contributions up to 3.6% of total base salary and bonus (reduced by the regular matching contributions made under the Savings Plan). Amounts contributed by participants and the Rayonier matching contributions are unsecured, but earn a return equal to 120% of the applicable federal long-term rate (adjusted monthly). The average interest rate in 2021 was 2.16%. Supplemental Savings Plan participants may elect to receive a lump sum or annual installments upon termination of employment.

The Excess Base Salary and Bonus Deferral component of the Supplemental Savings Plan allows employees with a base salary in excess of \$170,000 the opportunity to defer up to 100% of their base salary and all or any portion of their annual bonus. Amounts deferred are unsecured, but earn a return equal to the 10-year treasury rate plus 1.50% (adjusted monthly). The average interest rate in 2021 was 2.96%. Excess Base Salary and Bonus Deferral participants may elect to receive a lump sum or annual installments not to exceed fifteen years upon termination of employment or a specific date. None of our named executive officers participate in the Excess Base Salary and Bonus Deferral component of the Supplemental Savings Plan.

## POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The table below reflects the potential payments to which each of our named executive officers would have been entitled on December 31, 2021 upon an involuntary termination without cause or voluntary termination for good reason occurring within 24 months after a change in control. All payments are as provided under the Executive Severance Pay Plan discussed on page [30](#) of the CD&A. All severance payments made under the Executive Severance Pay Plan are made in a lump sum following a qualifying termination of employment.

In all other cases of termination of employment, whether voluntary or involuntary, our named executive officers would be entitled to accrued salary, vacation pay, regular pension benefits and welfare benefits on the same basis as would be provided to salaried employees generally, as well as 401(k) and nonqualified deferred compensation distributions. Other than in connection with a change in control, upon a qualifying termination, a named executive officer may be entitled to payments under our Severance Pay Plan, a plan in which all salaried employees participate on a non-discriminatory basis.

(1) Represents the executive's base pay times the applicable tier multiplier under the Executive Severance Pay Plan (3 times for Tier I, 2 times for Tier II). As of December 31, 2021, Messrs. Nunes, McHugh and Long are included as Tier I executives, and Messrs. Rogers and Bridwell are included as a Tier II executives.

(2) Represents the applicable tier multiplier (3 times for Tier I and 2 times for Tier II) times the Applicable Bonus Amount. The Applicable Bonus Amount is the greater of: (i) the average of the bonus amounts actually paid in the three year period comprised of the year of the qualifying event and the two immediately preceding calendar years, (ii) the target bonus for the year in which the change in control occurred, or (iii) the target bonus in the year of termination. Named executive officers also receive a pro-rata bonus amount equal to the Applicable Bonus Amount multiplied by a fraction, the numerator of which is the number of months lapsed in the then current year prior to the qualifying termination and the denominator of which is twelve.

(3) Represents three additional years of participation in the Savings Plan at the executive's current contribution level.

(4) Represents: (i) the present value of the annual Company contribution to health and welfare plans times the applicable tier multiplier and (ii) up to \$30,000 in

outplacement services.

(5) Restricted stock, restricted stock units, and performance shares were valued using the closing price of the Company stock on December 31, 2021. Outstanding stock option awards are fully vested and, therefore, not included. Under the Executive Severance Pay Plan, upon a qualifying termination following a change in control, (i) all outstanding restricted stock, restricted stock units and stock options vest in full; (ii) with respect to any performance shares for which the performance period is more than 50% complete, the shares vest based on actual performance achievement or, if greater, at target; and (iii) with respect to any performance shares for which the performance period is not more than 50% complete, the performance shares vest at target. 2021 outstanding performance shares were valued at target; 2020 and 2019 outstanding performance shares were valued at the maximum.

The amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, including accrued salary, vacation pay, regular pension benefits, welfare benefits and 401(k) and nonqualified deferred compensation distributions. As a result, payments under the Severance Pay Plan, described on page [30](#), which may be payable upon a termination other than in the context of a change in control, are not included in the table. Amounts that would be distributed pursuant to our nonqualified deferred compensation plans as of December 31, 2021, are indicated in the Nonqualified Deferred Compensation table on page [40](#). Other than as reflected in the table and footnote (3) above, amounts that would be

distributed pursuant to our tax-qualified and nonqualified retirement plans are indicated in the Pension Benefits table on page [39](#).

A constructive termination by an executive within two years after a change in control would generally be for good reason if it results from: (i) a significant diminution in the executive's position or the assignment to the executive of any duties inconsistent in any respect with his or her position (including status, offices, titles and reporting requirements), authority, duties or responsibilities immediately before the change in control; (ii) any material reduction in the executive's salary, bonus opportunities, benefits or other compensation; (iii) the relocation of the executive's principal place of business by more than 35 miles from his or her previous principal place of business; or (iv) any termination of the Executive Severance Pay Plan other than by its express terms. Regardless of whether a change in control had occurred, an executive would not be entitled to payments under the Executive Severance Pay Plan if he or she was terminated for cause. A termination of an executive generally would be "for cause" if it was due to: (i) the willful and continued refusal of the executive to substantially perform his or her employment duties following written notification by our Board or (ii) engagement by the executive in illegal conduct or gross misconduct that is demonstrably injurious to the Company, including an indictment or charge by any prosecuting agency with the commission of a felony.

The Company may condition payment of a portion of an executive's severance benefits (generally, not to exceed the executive's base salary multiplied by the applicable tier multiplier) upon his or her agreement to adhere to confidentiality covenants for two years following a qualifying termination, as well as to refrain from disparaging the Company or its products; competing directly with the Company; inducing clients to reduce or terminate their business with the Company; or inducing certain employees to terminate employment or service with the Company. These covenants would generally remain in effect for the shorter of one year from the executive's termination or two years following a change in control. By accepting the conditioned payments, an executive will be deemed to have consented to the issuance of a temporary restraining order to maintain the status quo pending the outcome of any equitable proceeding that may be brought by the Company to enforce such covenants.

Unless otherwise indicated, all cash payments would be made by the Company in a lump sum, although the timing of some payments and benefits may be delayed for six months after termination in accordance with Section 409A of the Code, which regulates deferred compensation. The Company has established two rabbi trusts related to the Executive Severance Pay Plan. One is designed to defray the legal costs incurred by the executives in enforcing their rights under the Executive Severance Pay Plan were the Company not to meet its obligations. Were there to be a change in control of Rayonier, the Company would transfer to the second trust an amount sufficient to satisfy the cash payments that would be required to be paid in the event of a qualifying termination of executives covered under the Executive Severance Pay Plan.

## PROPOSAL NO. 3 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On February 18, 2022, the Audit Committee appointed Ernst & Young, LLP as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2022. Although submission of the appointment for ratification by the shareholders is not legally required, the Board believes that it is consistent with best practices and is an opportunity for shareholders to provide direct feedback to the Board on an important issue of corporate governance. If the shareholders do not ratify the selection of Ernst & Young, LLP, the Audit Committee may reconsider the selection of the independent registered public accounting firm for the Company for 2022, but is not required to take any action as a result of the outcome of the vote.

Ernst & Young, LLP has served as the Company's independent registered public accounting firm since 2012. In determining whether to reappoint Ernst & Young, LLP, the Audit Committee considered, among other things:

- the scope of and overall plans for the annual audit;
- the pre-approved non-audit services that Ernst & Young, LLP provides to the Company and related fees to ensure their compatibility with Ernst & Young's independence;
- the appropriateness of Ernst & Young's fees;
- Ernst & Young's historical and recent performance on the Company's audit;
- Ernst & Young's tenure as our independent auditor and the benefits of having a long-tenured auditor; and
- Ernst & Young's independence from the Company and management.

Representatives of Ernst & Young, LLP will be present at the Annual Meeting to respond to appropriate questions, and they will have an opportunity to make a statement if they desire to do so.

Our Board recommends that you vote “**FOR**” the ratification of Ernst & Young, LLP to serve as our independent registered public accounting firm for 2022.

## GENERAL INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

### IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING

This year we are once again furnishing proxy materials to shareholders via the Internet, following the SEC rules that allow companies to do so. If you received a Notice of Internet Availability of Proxy Materials ("Internet Notice") by mail, you will not receive a printed copy of the proxy materials unless you specifically request one. The Internet Notice tells you how to access and review the Proxy Statement and our 2021 Annual Report to Shareholders ("Annual Report"), which includes our 2021 Annual Report on Form 10-K, including financial statements, as well as how to submit your proxy over the Internet. If you received the Internet Notice and would still like to receive a printed copy of our proxy materials, simply follow the instructions for requesting printed materials contained in the Internet Notice.

The Internet Notice, these proxy solicitation materials and our Annual Report were first made available on the Internet and mailed to certain shareholders on or about April 6, 2022.

**The Notice of 2022 Annual Meeting, this Proxy Statement and our 2021 Annual Report are available at [www.ProxyVote.com](http://www.ProxyVote.com).**

### ANNUAL REPORT

A copy of our Annual Report, which includes the 2021 Annual Report on Form 10-K (without exhibits), is available on the Internet at [www.proxyvote.com](http://www.proxyvote.com) as set forth in the Internet Notice. However, we will send a copy of our 2021 Annual Report on Form 10-K to any shareholder without charge upon written request addressed to:

Rayonier Inc.  
Investor Relations  
1 Rayonier Way  
Wildlight, FL 32097

### DELIVERY OF MATERIALS TO SHAREHOLDERS SHARING AN ADDRESS

In addition to furnishing proxy materials over the Internet, the Company takes advantage of the SEC's "householding" rules to reduce the delivery cost of materials. Under such rules, only one Internet Notice or, if paper copies are requested, only one Proxy Statement and Annual Report is delivered to multiple shareholders sharing an address unless the Company has received contrary instructions from one or more of the shareholders. If a shareholder sharing an address wishes to receive a separate Internet Notice or copy of the proxy materials, that shareholder may do so by contacting Broadridge Householding Department via telephone at 1-866-540-7095 or via mail addressed to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Any shareholder making such request will promptly receive a separate copy of the proxy materials and separate copies of all future proxy materials. Any shareholder currently sharing an address with another shareholder but receiving separate copies of the materials may request delivery of a single copy in the future by contacting Broadridge Householding Department by telephone or mail as indicated above.

## QUESTIONS AND ANSWERS

**Q: WHO IS ENTITLED TO VOTE?**

**A:** The record holder of each of the 145,733,001 Common Shares outstanding at the close of business on March 18, 2022 is entitled to one vote for each share owned.

**Q: HOW DO I VOTE?**

**A:** You can vote in any one of the following ways:

- You can vote on the Internet by following the “Vote by Internet” instructions on your Internet Notice or proxy card.
- You can vote by telephone by following the “Vote by Phone” instructions on the [www.ProxyVote.com](http://www.ProxyVote.com) website referred to in the Internet Notice, or, if you receive hard-copies of the proxy solicitation materials, by following the “Vote by Phone” instructions referred to in your proxy card.
- If you receive hard-copies of the proxy solicitation materials, you can vote by mail by signing and dating your proxy card and mailing it in the provided prepaid envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you return a signed and dated card but do not provide voting instructions, your shares will be voted in accordance with the recommendations of the Board.
- You can vote in person at the Annual Meeting by delivering a completed proxy card or by completing a ballot available upon request at the meeting. However, if you hold your shares in a bank or brokerage account rather than in your own name, you must obtain a legal proxy from your stockbroker in order to vote at the meeting.

Regardless of how you choose to vote, your vote is important, and we encourage you to vote promptly.

**Q: HOW DO I VOTE SHARES THAT I HOLD THROUGH AN EMPLOYEE BENEFIT PLAN SPONSORED BY THE COMPANY?**

**A:** If you hold shares of the Company through the Rayonier Investment and Savings Plan for Salaried Employees, you can vote them by following the instructions above. Note that if you do not vote your shares held in such plan or do not specify your voting instructions on your proxy card, the trustee of the plan will vote your plan shares in the same proportion as the shares for which voting instructions have been received. **To allow sufficient time for voting by the trustee, your voting instructions for the plan shares must be received by May 16, 2022.**

**Q: WHAT DO I NEED TO DO TO ATTEND THE ANNUAL MEETING?**

**A:** To attend the Annual Meeting, you will need to bring (1) proof of ownership of Rayonier stock as of the record date, which is the close of business on March 18, 2022, and (2) a valid government-issued photo identification. If you are a shareholder of record, proof of ownership can include your proxy card or the “Internet Notice.” If your shares are held in the name of a broker, bank or other holder of record, you must present proof of your beneficial ownership, such as a proxy obtained from your street name nominee (particularly if you want to vote your shares at the Annual Meeting) or a bank or brokerage account statement reflecting your ownership of Rayonier Common Shares as of the record date (in which case you will be admitted to the Annual Meeting but will not be able to vote your shares at the Annual Meeting). **If you do not have proof of ownership together with a valid picture identification, you will not be admitted to the meeting.**

Admission to the Annual Meeting is limited to shareholders as of the record date and one immediate family member, one individual properly designated as a shareholder's authorized proxy holder or one qualified representative authorized to present a shareholder proposal properly before the meeting.

**Q: IS MY VOTE CONFIDENTIAL?**

**A:** Proxy cards, ballots and reports of Internet and telephone voting results that identify individual shareholders are mailed or returned directly to Broadridge Financial Services, Inc. (“Broadridge”), our vote tabulator, and handled in a manner that protects your privacy. Your vote will not be disclosed except:

- as needed to permit Broadridge and our inspector of elections to tabulate and certify the vote;
- as required by law;
- if we determine that a genuine dispute exists as to the accuracy or authenticity of a proxy, ballot or vote; or
- in the event of a proxy contest where all parties to the contest do not agree to follow our confidentiality policy.

**Q: WHAT SHARES ARE COVERED BY MY INTERNET NOTICE OR PROXY CARD?**

**A:** You should have been provided an Internet Notice or proxy card for each account in which you own Common Shares either:

- directly in your name as the shareholder of record, which includes shares purchased through any of our employee benefit plans; or
- indirectly through a broker, bank or other holder of record.

**Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE INTERNET NOTICE OR PROXY CARD?**

**A:** It means that you have multiple accounts in which you own Common Shares. **Please vote all shares in each account for which you receive an Internet Notice or proxy card to ensure that all your shares are voted.** However, for your convenience we recommend that you contact your broker, bank or our transfer agent to consolidate as many accounts as possible under a single name and address. Our transfer agent is Computershare. All communications concerning shares you hold in your name, including address changes, name changes, requests to transfer shares and similar issues, can be handled by making a toll-free call to Computershare at 1-800-659-0158. From outside the U.S. you may call Computershare at 201-680-6578.

**Q: HOW CAN I CHANGE MY VOTE?**

**A:** You can revoke your proxy and change your vote by:

- voting on the Internet or by telephone before 11:59 p.m. Eastern Daylight Time on the day before the Annual Meeting or, for employee benefit plan shares, the cut-off date noted above (only your most recent Internet or telephone proxy is counted);
- signing and submitting another proxy card with a later date at any time before the polls close at the Annual Meeting;
- giving timely written notice of revocation of your proxy to our Corporate Secretary at 1 Rayonier Way, Wildlight, Florida 32097; or
- voting again in person before the polls close at the Annual Meeting.

**Q: HOW MANY VOTES ARE NEEDED TO HOLD THE MEETING?**

**A:** In order to conduct the Annual Meeting, a majority of the Common Shares outstanding as of the close of business on March 18, 2022 must be present either in person or represented by proxy. All shares voted pursuant to properly submitted proxies and ballots, as well as abstentions and shares voted on a discretionary basis by banks or brokers in the absence of voting instructions from their customers, will be counted as present and entitled to vote for purposes of satisfying this requirement.

**Q: HOW MANY VOTES ARE NEEDED TO ELECT THE NOMINEES FOR DIRECTOR?****A:**

The affirmative vote of a majority of the votes cast with respect to each nominee at the Annual Meeting is required to elect that nominee as a director. For this proposal, a majority of the votes cast means that the number of votes "FOR" a nominee must exceed the number of votes "AGAINST" a nominee. Abstentions will, therefore, not affect the outcome of director elections.

Please note that under NYSE rules, banks and brokers are not permitted to vote the uninstructed shares of their customers on a discretionary basis on "non-routine" matters (referred to as "broker non-votes"), such as in the election of directors. As a result, if you hold your shares through an account with a bank or broker and you do not instruct your bank or broker how to vote your shares in the election of directors, no votes will be cast on your behalf in the election of directors. **Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the election of directors.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE "SAY-ON-PAY" PROPOSAL?**

**A:** The vote on the Say-on-Pay proposal is advisory only and is non-binding on the Company or our Board. However, the proposal will be approved on a non-binding, advisory basis if the number of votes cast "FOR" the proposal exceeds the number of votes cast "AGAINST" it. Abstentions, therefore, will not affect the outcome of the proposal. Banks and brokers are not permitted to vote uninstructed shares for any company proposals relating to executive compensation because such proposals are considered "non-routine." As a result, if you hold your shares through an account with a bank or broker and you do not instruct your bank or broker how to vote your shares on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE RATIFICATION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM?**

**A:** The proposal to ratify the appointment of the Company's independent registered public accounting firm will be approved if the number of votes cast "FOR" the proposal exceeds the number of votes cast "AGAINST" it. As a result, abstentions will not affect the outcome. Because the ratification of the appointment of the independent registered public accounting firm is considered a routine matter, we do not anticipate that there will be any broker non-votes with regard to the proposal.

**Q: WILL ANY OTHER MATTERS BE VOTED ON?**

**A:** We do not expect any other matters to be considered at the Annual Meeting. However, if a matter not listed on the Internet Notice or proxy card is legally and properly brought before the Annual Meeting, the proxies will vote on the matter in accordance with their judgment of what is in the best interest of our shareholders. Under the Company's bylaws, all shareholder proposals made pursuant to Rule 14a-8 must have been received by December 8, 2021 to be considered for inclusion in this Proxy Statement, and all other shareholder proposals and director nominations must have been received between January 20 and February 19, 2022 to be otherwise properly brought before the Annual Meeting. As of February 19, 2022, we had not received any shareholder proposals or director nominations from shareholders to be acted upon at the Annual Meeting.

**Q: WHO WILL COUNT THE VOTES?**

**A:** Representatives of Broadridge will count the votes, however submitted. A Company representative will act as inspector of elections.

**Q: HOW WILL I LEARN THE RESULTS OF THE VOTING?**

**A:** We will announce the voting results of the proposals at the Annual Meeting and on a Form 8-K to be filed with the SEC no later than four business days following the Annual Meeting.

**Q:**

**WHO PAYS THE COST OF THIS PROXY SOLICITATION?**

**A:**

The Company pays the costs of soliciting proxies and has retained Okapi Partners LLC to assist in the solicitation of proxies and provide related advice and informational support. For these services, the Company will pay Okapi Partners LLC a services fee and reimbursement of customary expenses, which are not expected to exceed \$15,000 in the aggregate. The Company will also reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of the Common Shares. Additionally, directors, officers and employees may solicit proxies on behalf of the Company by mail, telephone, facsimile, email and personal solicitation. Directors, officers and employees will not be paid additional compensation for such services.

**Q:**

**WHEN ARE SHAREHOLDER PROPOSALS FOR THE 2023 ANNUAL MEETING OF SHAREHOLDERS DUE?**

**A:**

For a shareholder proposal (other than a director nomination) to be considered for inclusion in the Company's proxy statement for the 2023 Annual Meeting of Shareholders ("2023 Annual Meeting"), the Company's Corporate Secretary must receive the written proposal at our principal executive offices no later than the close of business on December 7, 2022, unless the Company notifies shareholders otherwise. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials. The submission of a proposal in accordance with these requirements does not guarantee that we will include the proposal in our proxy statement or on our proxy card. Proposals should be addressed to:

Corporate Secretary  
Rayonier Inc.  
1 Rayonier Way  
Wildlight, FL 32097

For a shareholder proposal (including a director nomination) to be properly brought before the shareholders at the 2023 Annual Meeting outside of the Company's proxy statement, the shareholder must provide the information required by the Company's bylaws and give timely notice in accordance with such bylaws, which, in general, require that the notice be received by the Company's Secretary: (i) no earlier than the close of business on January 19, 2023, and (ii) no later than the close of business on February 18, 2023, in each case, unless the Company notifies shareholders otherwise following a Board-approved amendment to the bylaws disclosed on a Form 8-K filed with the SEC.

If the date of the 2023 Annual Meeting is moved more than 30 days before or more than 60 days after May 19, 2023, then notice of a shareholder proposal that is not intended to be included in the Company's proxy statement must be received no earlier than the close of business 120 days prior to the meeting and not later than the close of business on the later of: (a) 90 days prior to the meeting; or (b) 10 days after public announcement of the meeting date, in each case, unless the Company notifies shareholders otherwise following a Board-approved amendment to the bylaws disclosed on a Form 8-K filed with the SEC.

**We strongly encourage any shareholder interested in submitting a proposal for the 2023 Annual Meeting to contact our Corporate Secretary at (904) 357-9100 prior to submission in order to discuss the proposal.**

Q:

**WHAT ARE THE APPLICABLE DEADLINES FOR DIRECTOR NOMINATIONS UNDER THE UNIVERSAL PROXY RULES?**

A: In addition to satisfying the requirements under our by-laws, if a shareholder intends to comply with the SEC's universal proxy rules and to solicit proxies in support of director nominees other than the Company's nominees, the shareholder must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act, which notice must be postmarked or transmitted electronically to us at our principal executive offices no later than 60 calendar days prior to the one-year anniversary date of the Annual Meeting (for the 2023 Annual Meeting of Shareholders, no later than March 20, 2023). If the date of the 2023 Annual Meeting is changed by more than 30 calendar days from such anniversary date, however, then the shareholder must provide notice by the later of 60 calendar days prior to the date of the 2023 Annual Meeting and the 10th calendar day following the date on which public announcement of the date of the 2023 Annual Meeting is first made.

BY ORDER OF THE BOARD OF DIRECTORS

Mark R. Bridwell

*Vice President, General Counsel and Corporate Secretary*

**APPENDIX A**  
**Rayonier Audit Committee**  
**Policies and Procedures**  
**Pre-approval of Services Provided by the Independent Auditor**

To ensure the Audit Committee (the “Committee”) approves all services to be provided by the Company’s independent auditors and maintains appropriate oversight, the following policies and procedures have been established.

**Policies and Procedures**

1. The Committee will approve the fees for the annual audit of the Company’s financial statements and reviews of quarterly financial statements.
2. The Committee will also approve at one of its regularly scheduled meetings an annual plan of all permissible services to be provided by the independent auditors as well as unanticipated projects that arise.
3. When the timing of the services does not allow for pre-approval in regularly scheduled Committee meetings, the Chair of the Committee (or another member of the Committee so designated) may approve any audit or allowable non-audit services provided that such approved services are reported to the full Committee at the next regularly scheduled meeting. Approval must be received prior to commencement of the service, unless the service is one of the specific services listed below (see No. 4) that is permitted to be performed on a pre-approval basis.
4. The following audit-related services are pre-approved as they become required and need commencement before notifying the Chair:
  - a. Required audits of wholly owned subsidiaries of the Company,
  - b. Consent letters,
  - c. Audits of statutory financial statements in countries where audited financial statements must be filed with government bodies,
  - d. Annual audits of the Company’s defined benefit and savings plans,
  - e. Agreed-upon procedures or other special report engagements performed in connection with requirements under debt agreements or environmental laws, and
  - f. Subscription services for technical accounting resources and updates.

This pre-approval (prior to notifying the Committee) is for audit services or allowable audit-related services engagements for which fees are less than \$10,000.

Any services performed in these pre-approved services categories that were not anticipated will be reported to the Committee at the next regularly scheduled meeting after commencement of the services. The requirements, scope and objectives of the service as well as estimated fees and timing will be reported to the Committee.

Any other services, such as for tax services unrelated to the audit, will require the explicit approval of the Chair or the Committee prior to engaging the independent auditor.

- (a) **Gain on investment in Timber Funds** reflects the gain recognized on Fund II carried interest incentive fees in the fourth quarter of 2021 as well as the gain recognized on the sale of Timber Funds III & IV in the third quarter of 2021.
- (b) **Fund II Timberland Dispositions** represent the disposition of Fund II Timberland assets, which we managed and owned a co-investment stake in. **Fund II Timberland Dispositions attributable to Rayonier** represents the proportionate share of Fund II Timberland Dispositions that are attributable to Rayonier.
- (c) **Loss from terminated cash flow hedge** is the mark to market loss recognized in earnings due to the early termination of an interest rate swap, as the hedged cash flows will no longer occur.
- (d) **Loss related to debt extinguishments and modifications** includes prepayment penalties, unamortized capitalized loan costs associated with repaid debt and legal and arrangement fees associated with refinancing, partially offset by the gain on fair value of extinguished debt.
- (e) **Large Dispositions** are defined as transactions involving the sale of timberland that exceed \$20 million in size and do not have a demonstrable premium relative to timberland value.
- (f) **Pro forma net income adjustments attributable to noncontrolling interests in the operating partnership** are the proportionate share of pro forma items that are attributable to noncontrolling interests in the operating partnership.
- (g) **Pro forma net income** is defined as net income attributable to Rayonier Inc. adjusted for its proportionate share of losses from a terminated cash flow hedge, losses related to debt extinguishments and modifications, the gain on investment in timber funds, Fund II Timberland Dispositions and Large Dispositions. Rayonier believes that this non-GAAP financial measure provides investors with useful information to evaluate our core business operations because it excludes specific items that are not indicative of ongoing operating results attributable to Rayonier.
