

Rayonier Releases 2024 Sustainability Report and Carbon Report

September 4, 2025

WILDLIGHT, Fla.--(BUSINESS WIRE)--Sep. 4, 2025-- Rayonier Inc. (NYSE:RYN) today released its [2024 Sustainability Report](#), which highlights the actions the Company is taking to enhance the long-term sustainability of its land resources as well as the long-term well-being of its investors, employees, communities, and other stakeholders.

"Our vision for Rayonier is to realize the full potential of our land resources in meeting the needs of society," said Mark McHugh, President and CEO. "Consistent with this vision, we've been unwavering in our commitment to sustainability-related initiatives, and we are pleased to provide transparency into these efforts within our 2024 Sustainability Report."

Concurrent with the release of its 2024 Sustainability Report, the Company is also releasing its latest [Carbon Report](#), which quantifies the carbon impacts across the Company's value chain. In 2024, Rayonier's forestlands sequestered an estimated 12 million metric tonnes of CO₂ equivalents from the atmosphere versus estimated corporate emissions of roughly 2 million metric tonnes of CO₂ equivalents. At year-end 2024, the Company's forestlands stored an estimated 628 million metric tonnes of CO₂ equivalents in total.

"As a signatory to The Climate Pledge, we are proud to be a member of a community of over 500 companies focused on achieving net-zero carbon emissions by 2040," continued McHugh. "Although our timberland assets sequester significantly more carbon than we emit in our operations on an annual basis, we are working to refine our processes and embrace new technologies to reduce our limited emissions."

The 2024 Sustainability and Carbon Reports can be found on the [Company's Sustainability web page](#).
